In the Matter of BIDS

Commissioners considered bids for the Airport Snow Removal Equipment.

Bill Carberry, Airport Director reviewed the bid received for the Airport Snow Removal Equipment with the Board. Mr. Carberry noted that the Twin Falls Airport is piggybacking on a bid that the Idaho Falls Airport received for the same piece of equipment rather than putting it out for full bid which is allowed by State bid laws. Mr. Carberry noted the matching funds would come out of Airport facility fund.

Commissioner Reinke made a MOTION to approve the bid pending legal review of the agreement and FAA funding. Commissioner Johnson SECONDED. Motion Passed Unanimously.

In the Matter of GRANTS

#### In the Matter of JAIL

Commissioners considered a design build process for the Jail facility.

Bob Beer, Facilities Director requested the Board approve putting out a design build request for proposals for the Jail facility. Sheriff Tom Carter noted that he is open for options, however time is critical. Sheriff Carter expressed concern that a bricks and mortar option is more expensive than the modular that had been previously discussed. Captain Doug Hughes noted his concern is getting inmates off the floor as quickly as possible whichever option is used. Commissioner Hall noted he initially had felt the modular units were better, but the bricks and mortar space would give flexibility for additional space for future use. Commissioner Hall noted there was no decision being made, just information being gathered. Commissioner Johnson noted the process has been drawn out with not much progress on the modular units. With the delays, the bricks and mortar option may be able to be done more quickly than the modular. Commissioner Reinke noted that he feels the needs are changing and the county needs to be looking at a long term solution for programming and a permanent fix for the overcrowding.

Commissioner Johnson made a MOTION to approve moving forward with a design build process for the Jail facility. Commissioner Reinke SECONDED. Motion Passed Unanimously.

Commissioners considered a design proposal with Laughlin Ricks Architecture.

Becky Peterson, Treasurer presented the March joint report and the quarterly joint report.

### In the Matter of TAX EXEMPTIONS

Commissioners considered the Jayco 63-602(NN) tax exemption.

Benjie Paul, Director of Finance Jayco participated in the meeting via conference call.

Mr. Paul noted that the company was unable to add a second production line to the facility due to a downturn in the RV industry. The company had to decrease production and hold off on adding the second line and the additional hiring increase as per the agreement.

Brad Wills, Assessor reviewed the portion that would be exempt for tax year 2020 with the Board. Mr. Wills noted that the value of the property exceeded the company's agreed investment.

Commissioner Hall noted all markers had been met other than training and the number of employees. Commissioner Johnson noted that he was leaning toward upholding the agreement as the investment was made in the community even though other markers were not met. Commissioner Reinke expressed his concern that the Board could be setting precedence by changing the agreement. Commissioner Hall noted that the company exceeded two of the markers and did not meet two of them. Mr. Hall stated that if the issue was directly related to COVID-19 he would have other thoughts. Mr. Hall's concern was setting a precedence.

Brad Wills, Assessor noted that the process is new and in future agreements there may need to be some changes and reconsideration based upon an annual updated matrix. Commissioner Hall noted that the Board has the ability to make any decision as the code does not limit its authority to give the exemption. Commissioner Johnson noted that the idea of the exemption is to encourage expansion and growth. The additional tax could cause a hardship for a company that is already struggling. Commissioner Reinke suggested leaving the exemption as is for this year and work toward a solution for next year with a new agreement if necessary. Commissioner Hall agreed and noted that the County needs to work on the process and have an agreement that has flexibility.

Commissioner Johnson made a MOTION to approve the Jayco tax exemption for 2020 as per the agreement. Commissioner Reinke SECONDED. Commissioner Johnson noted the process is new and a work in progress. Commissioner Hall noted that the County is still learning through the process with each new exemption. Commissioner Hall thanked Jayco for its investment in the community. Motion Passed Unanimously.

Commissioners returned to regular session at 4:00 a.m.

There being no further business, the Board recessed until 8:00 a.m., May 1, 2020, at the Commissioners Chambers, second floor of the Twin Falls County West Facility, 630 Addison Ave West, Twin Falls, Idaho, for the transaction of further business of the Board.
