Public: Dick Byrd, Anita Young, Karen Cook.

Commissioner Johnson opened the public hearing at 10:35 a.m.

Jon Laux and Laura Wilson reviewed the application and applicable codes with the Board. Commissioner Johnson noted there were letters received from the Fire District and Weeds. A letter was not received from the Public Health District. Ms. Wilson noted they will need a letter from the Health District prior to approval. Ms. Wilson noted there is currently a violation on the policy that is in the process of being corrected. The Board may issue a conditional approval with the necessary corrections and missing letters.

Applicant Anita Young spoke and reviewed the application and described the intent for the use of the property. Ms. Young noted that because of the long process the company they were going to contract with had gone somewhere else. Ms. Young noted that they are going to continue with the temporary use permit in case the company changes their mind. There was discussion on the property being used in the future for another project.

Dick Byrd spoke and noted that he did not receive notification of the hearing but heard about it through another party. Mr. Byrd noted that the usable property was not what was disclosed on the application. Mr. Byrd also expressed concern with the persons being housed in the trailers potentially spreading COVID. Mr. Byrd expressed concern with the City of Rogerson providing water services to the property and the sewage disposal.

Karen Cook spoke and agreed with Mr. Bryd and his concerns. Ms. Cook noted that the residents of Rogerson are averaged over 50 years of age and they are all concerned with COVID being spread by the quarantined workers. Ms. Cook also expressed concern that notification was not made to all the residents.

Anita Young addressed the concerns of the virus and noted that the workers would be quarantined individually and would have food brought in. The workers would not be walking around the town. Ms. Young noted that Rogerson has already had two COVID cases and the mine company is very concerned with being a good neighbor.

Commissioner Johnson closed the public comment portion of the hearing.

Commissioner Johnson asked how residents were notified. Laura Wilson reviewed the process followed and the requirements for notifying surrounding neighbors. Commissioner Johnson asked for clarification on the process for temporary use permitting. Jon Laux noted that the land division corrections must be corrected before an additional permit can be issued.

Commissioner Johnson closed the public hearing at 11:20 a.m.

Commissioner Johnson reviewed the items for consideration by the Board.

Commissioner Reinke noted that he has concern that the opportunity with the current company no longer exists and questioned how the Board should address that. Commissioner Johnson noted that Commissioner Hall has joined the meeting but will not contribute as he did not attend the meeting earlier. Commissioner Johnson noted he also is struggling with the urgency as the company that was originally going to contract with the property owner has made a decision not to proceed. Commissioner Johnson noted that he forgot to previously mention that he did receive a call from Anita Young previously asking about the process to correct issues. Commissioner Johnson stated that he would ask Legal and P&Z which he did and he wanted to disclose that to the public.

Commissioner Johnson reviewed the options for decision.

Commissioner Reinke made a MOTION to approve the temporary use based upon staff recommendation and based upon approval from the Health District, Highway District and other P&Z recommendations. Motion died for lack of second.

Commissioner Reinke made a MOTION to approve the temporary use permit for Robert Noh and Anita Young pending the approval of the Twin Falls Highway District comment and approval of the Health District, the approval of the planning and Zoning administrative land divisions, and with the following conditions of approval:

- Temporary Camp will be for approximately one hundred eighty (180) days from today's date, August 19, 2020.
- Number of temporary bunkhouse trailers seven (7), with no foundations except as required for tie downs of trailer units.
- At completion of temporary use, trailers will be removed from site.
- Applicant to provide bond or guarantee to assure removal of the temporary use and any debris or refuse resultant to be disposed of and property restored to its prior condition.
- Building permits obtained for trailers or as code requires.
- Address the concerns of the various commenting agencies.

Commissioner Johnson SECONDED. Discussion Commissioner Reinke noted he felt it was good to work with property owners for opportunities that come to small communities. Commissioner Johnson stated that he recognized the community concern with workers bringing the virus into the area, however the plan submitted is a good plan to quarantine the workers within the property. Commissioner Johnson also agreed that Rogerson does not get very many opportunities and it is good to try to support small business when possible. Commissioner Johnson stated he is in favor of moving forward on the potential that another business opportunity may present itself to the applicant. Motion Passed Unanimously. (Hall absent)
