## SITE PLAN INSTRUCTIONS

- A. The site plan must be a Mechanical Drawing drawn with descriptive precision using the aid of drafting implements such as ruler, T squares, compasses, French Curves, etc. May be drawn either by hand or computer generated.
- B. Must be to scale using an accurate drawing scale (for example: "1 in. = 10 ft.," "1 in. = 100 ft." etc.) and on a minimum of 11" x 17" paper. Should additional sheets be needed, please use match points.
- C. Show the boundaries of the parcel, including the dimensions (found on the survey).
- D. Show the location and dimensions of all existing buildings and structures.
- E. Show the location of the proposed project or division, including the structure dimensions and distances to property lines and existing buildings and structures.
- F. Show the location of all proposed and existing utilities, including power, phone, water, sewer systems, reserve drainfields, etc.
- G. Show the location and dimensions of all existing and proposed roads, driveways, parking areas, rights-of-ways, and easements.
- H. Show the location of any distinguishing physical features located on or adjacent to the property, including, but not limited to: streams, culverts, drainage ways, wetlands, slopes, bluffs, etc.
- I. If you have questions regarding these instructions, please see the example provided below. If you have questions not covered in the example, please call (208) 734-9490, for assistance.

### EXAMPLE SITE PLAN ---

**Site plan must be computer-generated, to scale, and on a minimum of 11" x 17" paper.**

# WAIVER OF NUISANCE

---

Owners or occupants of one family dwellings and divisions of land specifically waive any nuisance claim(s) they may have against agricultural operations including livestock confinement operations. A nuisance is defined as being flies, odors, animal noises, tractor operations or other operations that may be found to be annoying, unpleasant, or obnoxious. This definition shall not apply whenever a nuisance results from the improper or negligent operation of any agricultural operation or an auxiliary to it.
