In the Matter of FEES

Commissioners considered a Late Charge & Interest Cancellation Request for Brandon Stokes.

Brandon Stokes requested the Board cancel the late fees and interest charged on his five parcels. Mr. Stokes noted that he did not receive his tax bill and due to being busy he did not realize the bill had not arrived. Mr. Stokes went into the Treasurer's Office on June 29th and found out that

the tax bill had been sent to the wrong address, however the reminder was delivered to the correct address. Mr. Stokes provided documentation that he did update his address with the Assessor's Office, but when he did not receive his tax bill, he missed the date. Becky Petersen, Treasurer noted that they did receive the reminders back in the mail. Ms. Petersen noted that Mr. Stokes generally pays on time and reminded Mr. Stokes that the reminder was a courtesy and not a requirement.

The form is due by July 15th. Commissioner Matthews noted that the funds under Title 1 will go to the highway districts and the schools. Due to the limited highway district funding this year, it makes sense to make the full allocation to Title 1.

Commissioner Matthews made a MOTION to approve the Forest Service FY2026 Payments to States Election Form and allocate the full amount of the funds to Title 1 and authorize the Chairman to sign the documents on behalf of the Board. Commissioner Hawkins SECONDED. Motion passed unanimously.

Rebecca & Jeff Quiocho RPOH7010020090A

Commissioner Reinke swore in Rebecca Quiocho, Appellant, Bradford Wills, Assessor and Larry Barksdale, Appraisal Supervisor.

Rebecca Quiocho reviewed the packet of information that she provided. Ms. Quiocho disputed being taxed for approximately 9000 sq feet of property that she is unable to use. The property is managed by the association and used for a greenbelt area that is not being maintained by the association. Ms. Quiocho requested an adjustment be made to the assessment reducing the land value for the amount of land that is unusable and set a new land value at \$88,311.00. Ms. Quiocho noted that she purchased the home in 2019 and was unaware of her tax responsibility for the land that is managed by the HOA.

Brad Wills, Assessor and Larry Barksdale, Assessor's Staff reviewed the property and the assessment of the property and the packet of information provided by the Assessor's Office. Mr. Barksdale reviewed the assessment history on the property and the comparables used to determine the property assessment. Mr. Wills noted that the minimum lot size in the county is one acre due to health requirements.

Ms. Quiocho noted that she originally purchased the lot for \$63,000.00 and she is giving up over 1/5 of her land for the community use.

Commissioner Matthews made a MOTION to take the information under consideration and issue a decision on or before 5:00 p.m. on July 13, 2026. Commissioner Hawkins SECONDED. Discussion Commissioner Matthews noted that he needs further time to review the information presented. Motion passed unanimously.

Magic Valley Newspaper Inc. - Lee Publications Inc.	RPT0001100005AA
Magic Valley Newspaper Inc. - Lee Publications Inc.	RPT0001100001AA

Commissioner Reinke swore in Frank Lima for Magic Valley Newspapers.

Frank Lima, reviewed the packet of information provided on behalf of Magic Valley Newspapers. Mr. Lima noted that two of the properties on Main St. will be auctioned with opening bids of \$7,500.00 for 361 Main Ave W. and \$150,000.00 for 319 Main Ave W. which includes a parking lot. The 319 Main Ave. W property is unusable as the roof is severely damaged. 132 Fairfield also has a printing press inside which would be costly to remove prior to selling the building. The

properties are distressed and Mr. Lima requested the Board consider that and adjust the values accordingly.

Commissioner Matthews disclosed that his sister works for the Times News which is currently housed in one of the appealed properties. Commissioner Matthews stated that he felt he could be objective in the discussion and consideration of the appeal.

Brad Wills, Assessor reviewed the property and noted that all three properties were appealed to the State BTA. Of the property values set by the Assessor for 2025, two were affirmed by the BTA with one receiving a reduction. BTA decisions are bound for two years.

Mr. Lima stated that the land was valued as one parcel with the buildings assessed separately which was incorrect. Mr. Lima stated that the destruction costs of the buildings make the land have a negative value.

Larry Barksdale reviewed the properties and the use of each building as well as the Assessor's packet of information for each property. Mr. Barksdale noted that the property located at 132 Fairfield was adjusted by the State BTA to account for the printing press for a total value of \$155,5137.00. Mr. Lima is requesting an approximately 18% reduction in value for the Fairfield property. Mr. Barksdale reviewed the Main Ave properties and packets and noted that the BTA upheld the values from 2025. The properties on Main Street are currently under auction with a closed auction company which requires preregistration and proof of funds prior to bidding.

Mr. Lima stated that the buildings are distressed and unusable and asked the Board to consider that in their decision. Mr. Lima stated that the property owner told him that the Main St. properties were condemned. Commissioner Hawkins noted that the auction documents did not disclose that the buildings had been condemned.

Commissioner Matthews made a MOTION to take the information under consideration and issue a decision on or before 5:00 p.m. on July 13, 2026. Commissioner Hawkins SECONDED. Discussion Commissioner Matthews noted that he would like more time to review the information. Motion passed unanimously.

Behchet & Emine Rasim RPT59030030210A

Commissioner Reinke swore in Behchet & Emine Rasim, Appellants.

Emine Rasim reviewed the property and noted the home was older and had depreciated in value. The windows need replaced, flooring issues, twelve cracks in the foundation and multiple other issues. Ms. Rasim noted that the furnace was original to the home and the condition should be considered and it could not be sold for the assessed value based upon the condition issues. The Rasim's have owned the home since it was built in 1997.

Brad Wills, Assessor reviewed the property and noted the process is an external inspection only. Mr. Wills noted that furnace and windows are costly and he would be agreeable to decreasing the value to what Mr. Rasim is requesting based upon the condition. Commissioner Matthews noted

that he would agree with the improvement value being decreased but leaving the land value as the condition of the home does not affect the land value. Commissioner Hawkins noted that the homeowner has neglected the maintenance of the property which the homeowner should have been doing. Mr. Rasim noted that the property was rented from 2008 – 2017 which caused damage to the home. Ms. Rasim stated that they are on a limited income and keeping up on the repairs has been difficult. Mr. Rasim stated that he would be supportive of the Assessor's agreement of \$77,250.00 for the land and \$220,000.00 for the home for a total value of \$297,250.00. Mr. Rasim stated that part of his lot is unusable due to a right of way on the property. Mr. Wills noted that the lot is valued accordingly and that information was considered in the assessment.

Commissioner Hawkins noted that the Assessor has already depreciated the property by 29% and valued it as a fair condition which accounted for the maintenance issues. Mr. Wills agreed that the property had already been reduced for the condition. Commissioner Hawkins stated that after looking at the information it appears that the condition was already considered. Commissioner Matthews asked for clarification on the condition rating. Mr. Barksdale reviewed the condition ratings with the Board. Mr. Wills noted that he generally makes concessions with property owners when they are close in their opinions of value.

Commissioner Hawkins made a MOTION to take the information under consideration and issue a decision on or before 5:00 p.m. on July 13, 2026. Commissioner Matthews SECONDED. Motion passed unanimously.

Wesley Benjamin & Sophie Chatelain Benjamin RPO75510010050A

Commissioner Reinke swore in Sophie Benjamin.

Sophie Benjamin spoke with the Board and reviewed the property and her concerns with the assessed value. Ms. Benjamin reviewed the property and noted that the interior is unfinished and a significant amount of the home is unusable. Ms. Benjamin stated that she felt the value of the home should be \$780,000.00 based upon the incomplete construction. Ms. Benjamin provided property listings that she felt were comparable to her home. There was discussion on the portion of the property that was complete. The property owner is doing the interior construction themselves and the entire upstairs is unfinished with the closets on the main floor unfinished as well. Some portions of the upstairs have flooring and sheetrock.

Brad Wills, Assessor reviewed the location of the property and noted that based upon the occupancy permit, the Assessor valued the property as complete on January 1, 2026. Larry Barksdale, Appraisal Supervisor reviewed the assessment and the process used to value the property. Commissioner Matthews noted that the comparable properties are fully constructed. Mr. Barksdale noted that the remaining work is cosmetic work and the property is substantially complete and would be valued at \$1,738,712, however it is currently valued at \$1,514,652.00. Mr. Barksdale noted there is 1,789 sq feet on the 2nd floor. Ms. Benjamin disputed the square footage listed by the Assessor. Mr. Wills reviewed the process of determining square footage which is based upon measuring the outside walls.

Ms. Benjamin noted that they have not expended half of the assessed value in costs for building the home. Mr. Barksdale noted they must use sale price not cost of building. There was discussion on the cost of building versus sale prices. Ms. Benjamin noted that her home is not a luxury home and should not be compared with other luxury homes.

Commissioner Matthews made a MOTION to take the information under consideration and issue a decision on or before 5:00 p.m. on July 13, 2026. Commissioner Hawkins SECONDED. Motion passed unanimously.

Blue Lakes Properties LLC. RPT1701000004CA
CRC PROPERTY HOLDINGS, LLC RPT00107146022A

Matt Cook participated via conference call.

Commissioner Reinke swore in Matt Cook, Appellant and Andrew Humphries, Appraiser.

Blue Lakes Properties LLC. RPT1701000004CA

Mr. Cook reviewed the packet of information that he provided. Mr. Cook noted that the Assessor increased the value of the property approximately 23%. Mr. Cook disputed the heating and cooling assessment as well as the condition of the property and the land value compared to other dealerships. Mr. Cook asked the Board to review the assessment and adjust the values to compare with other like properties.

Brad Wills, Assessor, Andrew Humphries, Appraiser and Larry Barksdale, Appraisal Supervisor reviewed the property assessment. Mr. Barksdale reviewed the changes made to the appraisal from the first 2026 appraisal as well as the use which decreased the value from the initial 2026 assessment. There was discussion on the original estimate of value submitted by the Appellant vs the updated information presented by Mr. Cook. Mr. Cook stated that the comparables provided by the Assessor is an incomplete list. Mr. Cook noted that his property has been valued incorrectly for several years and based upon that, he dug into it further and found multiple inconsistencies that need addressed.

Mr. Barksdale noted that land value is based upon economy of scale which decreases the value of an acre the more acres that are included in a property and is part of the process based upon Marshall and Swift.

CRC PROPERTY HOLDINGS, LLC RPT00107146022A

Mr. Cook reviewed the property with the Board and noted that there are corrections that need to be made to include depreciation which should be comparable to other dealerships amounts of depreciation, square footage, the mezzanine rate and the sprinkler system rate.

Mr. Wills noted that without being able to go through Mr. Cooks points of concern and the values of the properties Mr. Cook compared, he is unable to make a recommendation for a change. There was discussion on the Assessor reconsidering the information presented by Mr. Cook and providing the Board with a recommendation before close of BOE. Mr. Cook asked the Board to

err on his side, use his numbers for the appraisal and then allow the Assessor to make their corrections next year as they discussed.

Mr. Barksdale reviewed the Assessor's packet of information and the process used to value the property and the assessment increase from 2025 to 2026. Mr. Barksdale noted that in 2025 an additional portion of the building was not on the appraisal so that was added to the 2026 assessment which accounted for the increase.

Commissioner Matthews requested that the Assessor review the information presented and provide the Board with further information. Mr. Wills noted that he will attempt to get the information to Mr. Cook by Friday end of business, if not first thing Monday morning.

Commissioner Hawkins made a MOTION to take the information under consideration and issue a decision on or before 5:00 p.m. on July 13, 2026. Commissioner Matthews SECONDED. Motion passed unanimously.

There being no further business, the Board recessed until 8:00 a.m., July 8, 2026, at the Commissioners Chambers, second floor of the Twin Falls County West Facility, 630 Addison Ave West, Ste. 2300, Twin Falls, Idaho, for the transaction of further business of the Board.

Fatimah Hashim - 63-602AA RPO2101006007BA

An Arabic interpreter was provided by the County through Propio via a conference call. Ms. Hashim stated she does not understand the proceeding. Commissioner Reinke explained the process for the interpreter.

Ms. Hashim spoke through the interpreter and explained her request. Ms. Hashim stated that her husband is in Iraq and being treated for cancer. Ms. Hashim went to Iraq with her son and was unable to return in time to file her application for a circuit breaker due to the war. Ms. Hashim spoke about the bills that she has incurred for house expenses and repairs that are needed. Ms. Hashim stated that her son has Down Syndrome which takes her time to care for him. Commissioner Hawkins asked Ms. Hashim if she could provide any information on income for her husband. Ms. Hashim stated that her husband is over 70 years old and is retired and unable to work due to his illness. Ms. Hashim stated that she does not work and a neighbor brought her to the hearing. Commissioner Hawkins noted that there were no documents provided other than the bank statements which show funds transfers to another account. No bills are paid from that account. Ms. Hashim stated that there is another bank account that her daughter set up to pay her bills. Ms. Hashim did not provide those banking documents nor any bills which had been requested two times prior to the hearing when Ms. Hashim was in the office with an interpreter.

Selinske Family Trust RPT3681001003BA

Tom Selinske cancelled his hearing on July 2, 2026.

Commissioner Reinke swore in all parties giving testimony.

Larry Barksdale, Appraisal Supervisor, Brad Wills, Assessor, Sherri Roche, Appellant.

Sherri Roche RP09S15E086602A

Sherri Roche reviewed her property and her concerns with the assessed value. Ms. Roche noted that she was requesting equal treatment and a consistent assessment with her neighbor's properties. Ms. Roche reviewed her neighbor's properties and the percentages of increase and disputed that her property was being assessed the same way as her neighbor's homes. Ms. Roche noted that her property condition was changed from fair to average, however there have been no changes and her roof is deteriorating. Ms. Roche reviewed several pictures showing her property, the condition and the use of the property. Ms. Roche stated that her property is increasing when her neighbor's properties are decreasing in value.

Brad Wills, Assessor, noted that they do not select a specific property to pick on. Mr. Wills noted that the previous designation of fair did not seem appropriate so it was changed to average which was consistent with neighboring properties. Mr. Wills reviewed the points that Ms. Roche noted specifically, the road and the homesite property. Mr. Barksdale reviewed the Assessor's packet of information and noted that there was another structure with living quarters which is not found on the neighboring properties. The appraisal done by the Assessor's office has been consistent, however there were BOE and BTA adjustments made a couple of times over the years. Mr. Barksdale noted that the assessed price per square foot for Ms. Roche's home is below average. Mr. Barksdale noted that they did make adjustments for the waste ground. Market value for the property would be \$1,085,573 with a current assessment of \$869,859.00.

Ms. Roche noted that the surrounding properties assessments stayed flat and hers has increased and requested that the assessed condition of the home be returned to fair. There was discussion on the assessed value per square foot. Mr. Wills noted that the condition change was a judgement call by his office based upon the surrounding properties all being average condition.

Commissioner Matthews made a MOTION to take the information under consideration and issue a decision on or before 5:00 p.m. on July 13, 2026. Commissioner Hawkins SECONDED. Motion passed unanimously.

Eastland Storage Solutions, LLC RPT00107146155A

Brad Wills, Assessor noted that each neighborhood has different land values and Mr. Bowden's home is in the higher land value neighborhood. Larry Barksdale, Appraisal Supervisor reviewed the packet of information provided by the Assessor's office and the process used to value the property.

RPT00107112900A

Mr. Kemp noted that the property has now been annexed into the City of Twin Falls and Mr. Kemp requests the value from 2025 be maintained. Mr. Kemp disputed that property values have increased.

Larry Barksdale, Appraisal Supervisor reviewed the packet of information provided by the Assessor's office, the process used to value the property and sales comparables. Mr. Barksdale noted that Mr. Kemp did not provide any sales information to change the appraisal.

Mr. Kemp noted that he is in the process of subdividing his property which will change the size of his lot.

Larry Barksdale, Appraisal Supervisor reviewed the packet of information provided by the Assessor's office, the process used to value the property and sales comparables. Mr. Barksdale noted that there was a storage facility and a manufactured home on the property which was purchased for \$250,000.00 by CTR Apartments in 2024.

Mr. Kemp noted that he felt that the property value had not increased since 2025 and would like the assessment to reflect that.

MHPK010000010AA

Larry Barksdale, Appraisal Supervisor reviewed the packet of information provided by the Assessor's office, the process used to value the property and assessed and market comparables.

Mr. Kemp noted that the home is still an older home and based upon the JD Power report, the value is significantly lower than what it is assessed at.

Commissioner Matthews made a MOTION to take the information under consideration and issue a decision on or before 5:00 p.m. on July 13, 2026. Commissioner Hawkins SECONDED. Motion passed unanimously.

MHPK010000020CA

Mr. Kemp provided a JD Power report and noted the value they are requesting is a small amount higher than what the report shows but lower than the assessed value. The unit cannot be sold with a frame of that age.
