

Twin Falls, Idaho  
REGULAR NOVEMBER MEETING  
November 1, 2021, 8:00 a.m.

Chairman Johnson called the Board of County Commissioners to order at 8:00 a.m. in regular session, pursuant to the recess of October 29, 2021.

**PRESENT:** Commissioner Jack Johnson, Commissioner Don Hall and Commissioner Brent Reinke.

**ABSENT:** None.

**STAFF:** Deputy Clerk Shannon Carter.

The following proceedings were held to wit:

In the Matter of MEETINGS

Commissioner Reinke attended a Farm Managers meeting.

Commissioners met with office staff for a weekly department update.

Commissioners met with Legal for a weekly department update.

Commissioners met with Stephenson's for an IT Department update.

Commissioners attended an Elected Officials meeting.

Commissioners met with Rick Novacek, Parks and Waterways Director to discuss county parks.

Commissioner Johnson attended a Parks and Waterways Board meeting.

In the Matter of CONSENT AGENDA

Commissioners considered the consent agenda; items that may be considered include status sheets, employee requisitions, alcohol licenses, Commissioner's minutes and tax cancellations.

Commissioner Hall requested the tax cancellations as requested by the Assessor be pulled for further discussion.

Commissioner Reinke made a MOTION to approve the consent agenda. Commissioner Hall SECONDED. Discussion Commissioner Reinke reviewed the items in the consent agenda to include employee requisitions for Parks and Waterways, Jail, Weeds, and Maintenance. Motion Passed Unanimously.

Brad Wills, Assessor reviewed the requested tax cancellations with the Board. Mr. Wills noted that the Homeowners Exemption is available to anyone year-round and the State has given guidance that the exemption should be applied for the full year and not prorated. Mr. Wills noted that the exemption equaled a \$213,000.00 shortfall in the taxes for the taxing districts. Mr. Wills requested that the Board approve the cancellations as listed. Commissioner Hall noted that the legislation puts the County in a very difficult position. The cancellation is a benefit to homeowners, and a deficit to the taxing districts. Becky Peterson, Treasurer noted that because the exemption is retroactive there will be difficulty in determining what entity paid the taxes prior to the exemption application being submitted and issuing a credit for the exemption.

Commissioner Hall made a MOTION to approve the tax cancellations as requested by the Assessor. Commissioner Reinke SECONDED. Motion Passed Unanimously.

#### In the Matter of ZONING

Commissioners considered an appeal of the P&Z Administrator's decision for Triple J Dairy.

Commissioner Johnson reviewed the application and the process that the Board would follow for the appeal.

Commissioner Hall noted that he did receive a considerable amount of input from the public. His intention was to remand the application back to the Administrator for further consideration. Commissioner Hall asked the Community Development Director if it would be appropriate to give another two weeks for further consideration. Mr. Laux noted that he would have to restart the

application process if the Board remands the application. Commissioner Hall asked Legal for further guidance to determine if the P&Z department could remand it for further public comment. Legal clarified the motion that the Board could make. Commissioner Reinke asked Mr. Laux to clarify the definition of an affected person. Brooks Schott, Legal reviewed the definition for the record. Commissioner Reinke noted that he has concern with a 2-week window and making sure the public has the opportunity to be heard. There was discussion on what process the decision would follow. Jon Laux, Community Development Director reviewed the process that his office would follow.

Commissioner Hall made a MOTION to remand the application back to the P&Z Administrator for further consideration. Specifically, the Planning and Zoning Administrator is to reopen the comment period for affected persons within one mile to submit written comments for the Administrator's consideration and consider the public comments received since the Administrator's decision. The comment period would be extended two weeks. Commissioner Reinke SECONDED. Discussion Commissioner Hall clarified that the two weeks would be through November 29<sup>th</sup>. Bob Ohlensehlen, representing the applicants noted that if the application were for a large CAFO, the applicant would have the opportunity to rebut information, and thus would request that the Applicant be allowed to review and rebut the comments received. There was discussion on the process and the two-week period as well as the request by the applicant. Mr. Laux expressed concern that the request was outside the normal Administrator's decision process. Ms. Austin, Legal, noted that both sides will have concerns either way. Mr. Ohlensehlen, applicant's representative noted that the appeal process was already done and only one appeal was received and so only one person should have standing in the appeal process. Steve Millington, Appellant stated that each appellant would have had to pay over \$400.00 for the appeal which should not be part of the process. Also, the request for the applicant to rebut the comments presents a conflict. Mr. Millington requested that the process be extended to December 6<sup>th</sup> for all comments to be received both for and against the appeal. Commissioner Hall asked for clarification on who has standing as an appellant and the process for appeal. Brooks Schott, Legal clarified the process. Grant Loeb, Prosecutor recommended refunding the appeal cost for Mr. Millington and start the appeal process anew should the forthcoming decision be appealed. Commissioner Hall stated he would rescind his motion. Commissioner Reinke stated he would rescind his second.

Commissioner Hall made a MOTION remand the appeal back to the P&Z Administrator for further consideration and receipt of public comments to November 29<sup>th</sup> and the Administrator will consider all public comments received since the Administrator's decision and refund the appeal fee to Appellant. The Board would also extend a 1-week period to December 6<sup>th</sup> for the Applicant to review the public comments and provide input/rebuttal of those comments to the Administrator. Commissioner Reinke SECONDED. Discussion Commissioner Hall clarified, the intent of the Board was to refund the appeal fee, give two weeks to November 29<sup>th</sup> for new public comment and consideration of the public comment received since the Administrator's decision and give an additional week to the Applicant to provide input on that public comment. Commissioner Reinke asked if Legal was comfortable with the motion. Ms. Austin noted she was. Motion Passed Unanimously.

In the Matter of ZONING

Jon Laux presented the 2023 Twin Falls Airport Airshow Committee support request.

Mr. Laux stated that the airshow will be in celebration of the 75<sup>th</sup> anniversary for Joslin Field. Mr. Laux noted that he is requesting that the County support him in travel, lodging costs and pay to go to Las Vegas for the International Airshow from December 6<sup>th</sup> – 9<sup>th</sup>. There was discussion about whether the airport would be able to fund any of these costs. Mr. Laux noted that the airport is separate from the airshow and as such, would not be able to help fund this expense. Commissioner Johnson noted that he is unsure what the legality is to send a County employee to this event. Mr. Laux noted that he is on the Airshow Board voluntarily but is representing the County. Commissioner Hall noted that he is concerned about this opening the door for other employees to make similar requests on non-County related Boards. Elaine Molignoni, HR Director noted that she felt it was inappropriate for the County to pay Mr. Laux to go to this event as Mr. Laux is a volunteer on this Board and it is not County related. Commissioner Hall noted that the City and County both own the airport and it makes this decision a little blurry. Mr. Laux stated that he did join the Board as a volunteer, however, he joined to be a liaison for the County due to his position.

Commissioner Hall made a MOTION to approve the 2023 Twin Falls Airport Airshow Committee support request for Jon Laux to attend the ICAS Conference and the potential appropriate fees associated. Commissioner Reinke SECONDED. Discussion Commissioner Hall noted that there is potential for these fees to be reimbursed in the future when the airshow has funds coming in. Commissioner Hall stated that he doesn't want Mr. Laux to feel unsupported. Mr. Laux noted that he doesn't have extra vacation time to cover this and his only concern is having that time covered. Commissioner Johnson stated that he is in favor of this request because he wants to continue to encourage County employees to be on community Boards and Mr. Laux is in a position that makes him a great fit on this Board. Commissioner Hall stated that he is in support of the Motion, however, he is concerned about what this could open up for future requests. Motion Passed Unanimously.

REGULAR NOVEMBER MEETING  
November 29, 2021, 8:00 a.m.

Chairman Johnson called the Board of County Commissioners to order at 8:00 a.m. in regular session, pursuant to the recess of November 24, 2021.

**PRESENT:** Commissioner Jack Johnson, Commissioner Don Hall and Commissioner Brent Reinke.

**ABSENT:** None.

**STAFF:** Deputy Clerk Shannon Carter.

The following proceedings were held to wit:

In the Matter of MEETINGS

Commissioners met with office staff for a weekly department update.

Commissioners met with Legal for a weekly department update.

Commissioners met with Peter Hatch to discuss the Conflict Public Defender contract.

In the Matter of ZONING

Commissioners conducted an appeal hearing for a Preliminary Plat application for Shoshone Heights Subdivision Phases 2-5.

Commissioner Johnson read the facts and arguments for consideration, facts presented for the case, and law considered for the record.

Commissioner Johnson opened the public hearing at 10:07 a.m.

Commissioner Johnson swore in all parties giving testimony. Dan Birch and Rex Harding, Appellants, Laura Wilson P&Z Planner and Stace Campbell, representative for the Willows HOA

Dan Birch, Shoshone Heights Development Co. spoke and requested that the Board reconsider the decision made by the P&Z Commission. All the supporting agencies approved the development including the highway district. Mr. Birch reviewed the history of the development and the requirements of the supporting agencies. Mr. Birch noted that he felt all the concerns that had been presented against the development had been addressed and they had met all the typical requirements and ordinances. Commissioner Reinke confirmed that phase 1 is complete and they are ready to proceed with phases 2-5. Mr. Birch noted there would be a total of 56 homes on 1 acre lots throughout all the phases. Commissioner Hall noted that it looked like all the corresponding agencies had signed off; the concerns seemed to be the lack of a second access to the development which would cause a choke point for traffic. Commissioner Hall asked if there was a plan to address that in the future as well as maintaining access for the City to the shooting range and ponds. Mr. Birch noted it was a matter of time but dependent on The Preserve

Subdivision being built out. There have been discussions on other egresses but nothing formal has been set. Mr. Birch noted that the land trade agreement for access to the ponds and the shooting range will still be in place. Commissioner Reinke asked about the feedback from the neighbors for phase 1. Mr. Birch noted he thought there was 1 neighbor in opposition initially; which was a concern about traffic. Mr. Birch stated that safety is a priority concern and he felt that the supporting agencies were the experts and they approved the plan. Commissioner Reinke asked if Mr. Birch was aware of any planned improvements between the City and County to update the roadways in that area for improved pedestrian safety. Mr. Birch stated he was not aware of any plans. Commissioner Hall stated that the subdivision was not responsible for the roadway but they are challenging issues.

Rex Harding, TD&H Engineering spoke and addressed the concern with access to the development and noted that there will be future access to Cheney once The Preserve is developed. The Meadows has an easement; however, they will not allow access. Mr. Harding reviewed the site plan and potential access. Mr. Harding reviewed the proposed preliminary plat with the Board. Mr. Harding noted that the Fire Department will require any homes over the first 30 to have fire sprinklers due to the access limitation. The subdivision will improve the fire hazard due to the updated landscaping. Mr. Harding noted that most of Hankins belongs to the County Highway District, not the City of Twin Falls. Commissioner Reinke asked if the Highway District has expressed any future plans to update the roadway. Mr. Harding stated there were no discussions regarding that, however, the Highway District did sign off on the plat. Commissioner Hall noted that the Board is not able to go out and look at the site when an appeal is received, however the Board is very familiar with the area due to past experience.

Laura Wilson, P&Z Planner reviewed the plat application process with the Board. Ms. Wilson reviewed the concerns from the P&Z Commission which were addressed in their decision. There were concerns with Fire Department access. They also expressed concern with the safety issues requiring evacuation which could create a choke point. Ms. Wilson reviewed the proposed lots to be developed and the currently developed lots from phase 1. Commissioner Hall asked if any of the supporting agencies had any negative comments. Ms. Wilson noted that the comment letter from the Highway Department noted that there were concerns in the approval letter from that agency. Ms. Wilson read the letter for the record. Ms. Wilson noted that the P&Z Commission's concerns were for a natural disaster that required evacuation and the creation of a choke point.

Stace Campbell, spoke on behalf of the Willows subdivision. Mr. Campbell noted he is also a developer and is familiar with this type of development. Mr. Campbell reviewed the concerns that he as a developer and the neighboring residents have with the development of the subdivision. Mr. Campbell noted that Hankins Road must be addressed by the developers. Access, utilities, irrigation and water all need to be addressed for responsible development. Commissioner Hall noted that Mr. Campbell addressed a lot of issues and the Highway District addressed their concerns with the Developer. Storm water retention issues were discussed. Mr. Campbell noted that the development will increase traffic on Hankins road and that needs to be addressed before future development is approved. Mr. Campbell noted he has been in that area for 10 years and has experienced 3 evacuations.

Commissioner Hall asked the developer to address the stormwater issues that Mr. Campbell brought up. Mr. Harding reviewed the water retention plans for the proposed development. Commissioner Johnson noted that from Mr. Campbell it sounds like there are still water issues after the first phase was developed that have not been addressed. Mr. Harding stated it should not be an issue as it was addressed in phase 1.

Commissioner Johnson asked Ms. Wilson if the Department of Water Resources provided a report on the effect on the aquifer. Ms. Wilson noted that the canal company did address the plan and reviewed the letter. Ms. Wilson also reviewed the letter from the Department of Water Resources with the Board. Commissioner Hall asked Ms. Wilson to confirm his understanding of the P&Z Commission's reasons for denial. Ms. Wilson reviewed the reasons for denial with the Board.

Commissioner Johnson opened the hearing for public comment at 11:20 a.m.

There was discussion among the Board regarding responding Fire Departments and Fire Districts as well as other strains on emergency services because of the increased growth in rural areas that are not serviced by a city.

Commissioner Johnson swore in Tessa Moligno. Ms. Moligno spoke and noted that she is not in opposition to the development but has some comments for both sides. The increased development will keep negative elements out. Ms. Moligno noted that however the roadway access is a concern and the bottleneck that happens in the event of an emergency as well as pedestrian access. Commissioner Reinke noted that summertime brings in a lot of traffic to Evil Knievel's jump which increases traffic in the area. Ms. Moligno stated that the traffic to the jump is a concern to her and the other residents.

Commissioner Johnson closed the public comment portion of the hearing at 11:32.

Commissioner Johnson reviewed the issues to discuss as well as the decision options for the Board.

The Board discussed the decision of the P&Z Commission and if the decision was supported by reasonable findings. Commissioner Reinke noted that he felt that the P&Z Commission was very thorough with their consideration and deliberation. Commissioner Johnson noted that the Board also has the option to table the hearing for future deliberation.

Commissioner Reinke noted that the fire, traffic and water concerns were very serious and there should be a plan in place to deal with those issues, especially in that area. The development of the roadway needs to be addressed. Commissioner Reinke noted that he felt the concerns were legitimate and he plans to discuss the roadway issue with the highway district at the next meeting. Commissioner Reinke stated he would like to see the area developed, however there are issues that need to be addressed.

Commissioner Hall asked legal if the Board remands the decision back to the P&Z Commission, the decision can be appealed back to the Board. However, if the Board makes a decision, there can be reconsideration but no appeal. Commissioner Hall noted he would like further information from the Highway District. Brooks Schott, Legal clarified that the Board can only consider the

information on the record. Commissioner Hall noted that the development could clear up some of the wildfire issues. Commissioner Hall stated that he does have the same safety concerns that the P&Z Commission noted. Commissioner Hall noted he would be more open to just phase 2 while further development is done by The Preserve, but the application is for phases 2-5.

Commissioner Johnson noted that the P&Z Commission did not list water as a reason for denial, however the issue should be addressed. Commissioner Johnson stated that he still looks at that when making a decision. Commissioner Johnson noted he would like to look at the area, however they are prevented from that. Pedestrian traffic is a concern and contributes to unsafe conditions especially with the jump site. Commissioner Johnson noted that his prior experience in Law Enforcement also leads him when looking at this type of decision. The Board needs a lot of information to reverse a decision of the P&Z Commission and Commissioner Johnson was leaning in the direction to uphold their decision. Commissioner Johnson noted that the Commissioners have no authority over the Highway District.

Commissioner Reinke noted that he felt that the P&Z Commission thoroughly looked at the issue.

Commissioner Hall made a MOTION to uphold the decision of the P&Z Commission. Commissioner Reinke SECONDED. Discussion Commissioner Hall noted that the P&Z Commission had reasonable findings in their decision. Commissioner Hall stated he is a pro development person and encouraged the developer to consider adjusting their development process and that the P&Z Commission may view those changes differently. Commissioner Hall noted that the development fits nicely with the Comprehensive Plan, however issues of concern need to be addressed. Commissioner Johnson stated he agreed with the other two Commissioners and encouraged the developer to try to mitigate the issues that have been addressed. Motion Passed Unanimously.

Commissioner Johnson reviewed the right to appeal the final decision.

There being no further business, the Board recessed until 8:00 a.m., November 30, 2021, at the Commissioners Chambers, second floor of the Twin Falls County West Facility, 630 Addison Ave West, Twin Falls, Idaho, for the transaction of further business of the Board.
