This information is provided by each of the districts listed. In order to calculate the difference in your voter approved contribution multiply your net taxable value listed for the year (which is found on your Assessment Notice or your tax bill) by the levy rate for the voter approved bond. Example: Net taxable value (\$100,000 X .002328087)= \$232.81

NOTE: School District Facilities Funds (SDFF) have been paid to eligible school district bonds, temporary supplemental levies, plant facilities and safe school plant facilities using State money to contribute to a property tax reduction.
